Type:	**Wholesale/Distribution**

Wholesale Nursery Business with Freehold Sunshine Coast

An established and highly regarded nursery business on the Sunshine Coast is confidentially offered for sale, supplying quality greenlife to the landscaping industry, including developers, civil landscapers and trade clients.

Strategically positioned in a resilient and essential sector, the business services both commercial and trade customers and has earned a strong reputation for quality, reliability and service.

Underpinned by a loyal customer base, consistent repeat business and well-developed systems, this nursery presents an excellent opportunity for a new owner to step in and scale. There is clear scope for further growth through expanding product lines, deepening supplier relationships and investing in digital marketing to capture additional market share.

The business achieved a net profit of $532,174.00 in the last financial year, reflecting its solid financial performance and operational efficiency. The freehold property is also available, positioned in an area considered prime for future development. This combination of a proven business and strategic landholding makes the opportunity attractive to both owner-operators and investors seeking a secure, growth-focused asset.

Looking ahead, the timing is particularly advantageous. The lead-up to the Brisbane Olympics is expected to boost demand for green lifestyles, landscaping and plant-rich environments, supporting increased investment in both residential and commercial outdoor spaces. This macro trend is poised to benefit the broader horticulture and landscaping sectors, providing the incoming owner with additional tailwinds for growth.

For buyers seeking an established, profitable nursery with strong industry relationships, growth potential and an optional freehold in a sought-after Sunshine Coast location, this opportunity stands out as a compelling acquisition.
