\$150k EBITDA**

Business for Sale Description

Concrete Taxi Franchise Business for Sale
Brisbane Asking: \$250,000

Are you looking for a truck franchise with a good steady income stream of \$150,000+?

Concrete Taxi is now seeking a new franchisee for the Brisbane inner northside area servicing areas including Indooroopilly, Kedron, Cherside, Zillmere, Banyo, Airport precinct etc.

Concrete Taxi gives the flexibility for the customer to order the exact amount of concrete needed, when needed, and where needed.

Mainly suitable for amounts under 2 cubic meters, Concrete Taxi can go to a site 24 hours a day, 7 days a week

Customers include home renovators, building and construction companies, government departments

No need to market or canvass for work! This is done by the dedicated Australia-wide Call Centre. A complete job package is passed on to the Franchisee via a GPS messaging/tracking system

The ideal franchisee is to be a hands owner / operator, pleasantly engaging with clients to satisfy their concrete needs Concrete Taxi sells on Service, not Price!

Most Franchisees operate from home, with the truck carrying the bulk of their operating requirements

Previous experience in construction, while handy, is not necessary as it is assumed that you have no real product knowledge

An MR truck license is required

The Initial Franchise Fee is \$50,000 (+ GST) for a 5+5 year period + An initial marketing contribution of \$2,500 (+ GST)

Businesses require a purpose fitted vehicle. Licensed on the road, a new vehicle is approximately \$200,000 (+ GST) (subject to change). Or \$210,000 (+GST) for a Hino 500 Series Automatic series 1124.

Income in the vicinity of \$150,000 is based on a full time owner operator completing approximately 20 jobs per week (say 3 5 per day). (Some ultra- motivated franchisees are earning considerably more e.g. \$200,000 per annum).

Please contact me to find out more about this franchise, or a franchise in your area.
