Type: **Services-Other**

Electrical Services Business - Brisbane

Established for over 8 years this Electrical Services Group is for Sale for the first time. Servicing Clients from the southern end of the Gold Coast to the Sunshine Coast.

Major service contracts include Federal and State Statutory Authorities, QLD State Government Departments, Local Councils, and many Commercial Clients.

Well-established automated systems are in place with a highly skilled Team. The current owners oversee the business with the Management Team and have decided it is time to concentrate on their other project in Property Development.

This is an exciting opportunity for an existing group to expand their geographical footprint, add electrical services, or as a first entry for a private equity group. Queensland is booming with more infrastructure than ever seen before planned before the Olympic Games.
