Established Radio Communications with Retail & Ecommerce store Nth QLD

This established Radio Communications business located in the North QLD Charters Towers region is being offered for sale for the first time in its 32-year History.

The UHF CB radio communication network is a critical service used widely across Remote areas of Australia for many different industries and purposes. Mobile phone coverage does not exist in a lot of these remote areas.

The business supplies radio communications services in North Queensland to the Grazing, mining, State, and Local government entities. Also, 4WD and camping, "Grey Nomad" caravan travelers, Truck drivers, Bushwalking, and Emergency services (to name a few).

The business offers the following products and services as part of its core business:

- * Radio equipment: UHF CB radios, commercial two-way radios, antennas, leads, accessories, power supplies, hand-held radio harnesses.
- * Satellite Equipment: satellite TV equipment, satellite mobile phones, mobile phone amplifiers, and antennas.
- * Radio repair service.
- * Remote repeater site maintenance.

There is a physical retail store, located on the main street, and a high-quality E-commerce store where sales are increasing.

- * Turnover 2022- \$1,030,00
- * Ebitda \$231,500.

This business would ideally suit an existing business looking for an add-on to a complimenting industry, or a Buyer looking to relocate to Nth Qld from interstate or overseas on business migration visas.
