Seeking Investors for Cabinet Door Manufacturer

This Australian owned and operated business was founded 25 years ago and has achieved continued expansion and growth ever since, delivering custom cabinetry doors to the Qld market.

The business offers custom design and trademarked rollers doors and mirror doors, supplying hundreds of cabinet makers for any sized project. The business can design cabinet doors to complement existing joinery or create new custom pieces to order. All cabinet doors are manufactured onsite using only the highest quality materials and fittings available. They have earned a reputation for excellence within the industry, as more satisfied customers have shared their stories with others.

Benefits to potential purchasers include;

- Well established; in operation for more than 25 years
- Experienced Staff
- Plenty of opportunity for growth
- All trademarks and licenses in place

The Owners are now looking for an investor to partner in the business and provide additional capital or purchase the business.
