This Renowned and Unique Limousine business has established an illustrious reputation as a leader in the field, operating for over 3 decades under the watchful eye of its highly organised owner.

The business presents itself for sale, with the Prestige and Trustworthiness the competition can only dream about, which not only makes it the envy of the entire industry, but virtually impossible to replicate without years of hard toil.

The new owner would seamlessly step in and generate income, not only by the vehicles owned, but with handsome commissions earned on network or affiliate vehicles, so, why waste time and energy on the "How do I do this" and make many costly mistakes along the way, when you can effortlessly step in, leverage the decades that have been spent in perfecting the processes, establishing the brand and relationships, so you can focus on the quality enquiries and income they generate.

The advertised price is inclusive of three stretch limousines with the option of a fourth. The current owner will make this fourth vehicle exclusively available for hire, to the new owner, as a network vehicle at a commissionable rate or the fourth vehicle may also be purchased at an agreed price.
