Established Electrical Services Group Net Profit \$967,423 SEQ.

Established for over 30 years this Electrical Services Group is for Sale for the first time.

Servicing Clients in Southeast Queensland. Clients include new construction from fully designed to design and construct projects, with such projects as nursing homes, office blocks, high-density units, townhouses, houses, factories, schools, and shopping centres. Well-established automated systems are in place with a highly skilled Team. The current owner oversees the business with the Management Team and has decided it is time to retire after building a highly reputable business in the industry. This is an exciting opportunity for an existing group to expand their geographical footprint, add electrical services, or as a first entry for a private equity group. Queensland is booming with more infrastructure than ever seen before planned before the Olympic Games.
