### CAMPING & FISHING RETAIL STORE

Located just one hour west of Toowoomba, this Camping & Fishing retail outlet has been servicing the local community for more than 18 years under the stewardship of the current owner.

With decades of trading history, this business has proved the test of time and survived through droughts, the global financial crisis, and the most recent COVID pandemic. Even during the pandemic in 2020 & 2021 the business grew substantially. When the world returned to some kind of normality in 2022, sales & profits still continued to grow in FY2023 and FY24 is on track to be the best year in its history.

In the last year the business has expanded into the online world to open up to a wider customer base. Whether it be camping, fishing, boating, hunting, archery or keeping your pool looking fantastic, products can be purchased both in-store and online.

Brands stocked include:

Yeti, Oztrail, Companion, Engel, Crocs, Campfire, Gasmate, Shimano, Daiwa, Jarvis Walker, Ugly Stik, Penn, Wilson Fishing
