

Tip Truck Business for Sale Toowoomba QLD

For Sale

Location: **NSW**
Asking: **POA**
Type: **Transport/Automotive / Services-Other**

TIP TRUCK operating in the Toowoomba area.

Long established with over 50 regular clients, billing \$10,000 per week.

This business is always busy, for one owner driver servicing long-standing business customers, who are calling up every day for another load and another load and yet another load.

There is enough regular work with the existing clients to start a second truck, service the same customers and the others he cannot say yes to, and grow the business quickly.

Income is split between contracting to one major company and over 50 independent business clients on direct payment to the owner, invoicing every week.

Monday to Friday. Owner is driving 5 days per week, no employed drivers.

All enquiries will be treated on a confidential basis and confirmation of available finance to purchase will be required.

Call Scott on 0412 247 369 for an initial discussion about this owner driver opportunity and then to obtain detailed information. Accountant financials are available.
