### An amazing Kid's Ninja business with broad appeal!!

Ninja Kids is a successful franchise offering kids the opportunity to learn great skills in both physical activity - strengthening their muscles, joints - whilst having fun. Kids absolutely love their time at Ninja Kids, and why wouldn't they!!!

The business opportunity presented is at Hornsby and has a large catchment right through the northern suburbs. Ninja Kids is a franchise which is now looking at expanding.

The Ninja Kids franchise at Hornsby offers obstacle courses, tumbling classes, school holiday programs, and hosts epic birthday parties. Obstacle-style training is relatively new in the Australian market and the franchise has emerged as a leader in the category. The demand for the service is increasing annually in the country, which makes it the right time to join the Ninja Kids Community - and what better what to become part of this - than by acquiring an existing successful business.

The franchise is looking for sports and recreation-oriented individuals with a passion for excellence and community engagement.

The location at Hornsby has been trading since May 2022, and has shown steady growth. An owner needs to be able to work on the business, as well as guide and mentor their staff. The franchisor will also assist you in training and understanding the business fundamentals. There are experienced staff that come with this business, and it is never an issue to find further staff. Being part of a franchise, also means that this business has some excellent systems and processes - which makes admin and accounting quite simple.

An excellent opportunity for a business minded person, or a couple looking at venturing into a business with great support.
