with continued growth Forecast for F25 \$32,992,841 -EBITDA Forecast for F25 \$8,908,914.

This lucrative business has the significant advantage of being fully remote meaning that it can be run from any part of Australia, allowing you the freedom to manage at your convenience. This attribute makes it an appealing prospect for those in search of a business model that accommodates a flexible lifestyle while making remarkable profits.

Despite being fully remote, the business has a robust management structure in place. It is currently operating under a professional and experienced management team; Hence, the new owner is assured of a smooth transition with little to no disruption in the daily operations of the business.

The Civil Construction business has a stable and reliable operation, having established itself as a significant player within the industry. It has a proven track record for consistency in delivering high-quality services, making it a trusted brand within its diverse clientele. This reputation contributes significantly to its reliability and repeat business, making it a safe and attractive investment.

Additionally, the business presents an undeniable growth potential. Considering the fast-growing nature of the construction industry and the consistent demand in the market, the new owner stands a good chance of enjoying a significant increase in profitability over time.

This sale offers a seamless entry into a rapidly growing and resilient sector, presenting the chance to own a business that is not only profitable today but also carries strong potential for future growth and expansion. Invest now and enjoy the benefits and security offered by this industry-leading Civil Construction business with the office based in Brisbane.
