

## For Sale

Location: **Melbourne**  
Asking: **\$44,000**  
Type: **Services-Other / Services-Home/Garden**

### Jim's Tree lopping.

Your business will be around where you live. Your location.

The workload on Tree lopping & clearing is massive in Victoria.

Millions of tree's that grow, and many needing to be trimmed or removed totally, all year round and forever !!

You will never, ever run out of work ! Jim's Trees supplies the leads, so you work as hard as you like.

Franchisees gain access to a vast support network, including training, resources, experience and thousands of fellow Franchisees to connect with and learn from.

Owning your own Franchise means gaining the flexibility to find the work / life balance that suits you, not your boss.

The Jim's Group has a successful framework to help Franchisees start their businesses without paying top dollar for all the initial costs and ongoing business expenses.

Our team of Franchisors and support staff can guide you through the right options to suit your budget and business goals.

We offer comprehensive training programs and ongoing support to ensure that you are equipped to deal with the challenges of starting and growing your enterprise.

Becoming a Franchisee within the Jim's Group means starting your own business with the head start of decades of experience, proven business systems, industry updates and professional insight to help you stay ahead of the curve.

Initial price of \$44,000 would be enough to get you started, but does not cover the total cost of all trucks, chippers, training, stationary or uniforms.

Each new Vendor would have different needs/ circumstances and depends on the size of Truck and Chipper you would choose to start with.

As part of the Franchise you will always have Ongoing Support & Training.

This is a proven and very successful business model. It takes a lot of risk out of starting your own business, and the opportunity to make a lot of money.
