Type: **Services-Other**

Thirty Years Electronic Repair Business of Success and Growth Potential

If you are searching for a stable, profitable venture with a proven track record, this is your opportunity!

Established over 30 years ago, this trusted Sydney-based TV and audio-related repair centre has delivered consistent profits and exceptional service through every economic climate, showcasing its resilience and reliability.

Key Features

- ~Robust Financials: Generates a steady annual revenue of ~\$300,000, with 70% from dependable insurance company warranty repairs.
- ~Valuable Contracts: Secured service agreements with major brands, manufacturers, and extended warranty suppliers guarantee a constant workflow.
- ~Loyal Clientele: A dedicated local customer base cultivated over three decades offers a strong foundation for growth.
- ~Ready to Operate: Fully staffed with three trained employees, ensuring seamless service continuity.
- ~Flexible Location: Option to retain the current workshop with a long-term lease or relocate to align with your vision.
- ~Growth Potential: Expand into computer services, cabling, commercial equipment, accessories, and white goods sales to boost revenue.
- ~Stable Industry: Appliance repair is an essential service, thriving even in economic downturns.

Perfect for Any Entrepreneur

A technician's background is a plus but not required. The business's established systems make it accessible to all, with support for recruitment and training included. The owner is dedicated to a smooth handover, providing comprehensive training and introductions to key clients and suppliers.

Flexible Terms

The lease is secure, but if you own a shop and prefer to expand there, that's an option, too. Priced at \$295,000 (negotiable), this is a rare chance to own a reputable business in a recession-resistant industry.
