Fully Developed Technology Platform - Personal Property And Compliance (ppsr) Data Sector

Fully developed technology platform in the automotive personal property and compliance (PPSR) data sector

An exclusive opportunity to acquire 100% of the shares in "the software programme", an advanced, fully developed digital platform providing real-time vehicle history reports with a proprietary fraud detection layer.

Operating within the rapidly growing personal property and compliance data sector, the platform is designed for scalability across key markets including Australia, the United Kingdom, and the United States, representing nearly half of the global used vehicle transaction volume.

Investment Highlights

Turnkey Asset: Fully developed technology platform with no further capital expenditure required for deployment.

Proprietary Technology: Real-time reporting engine and fraud detection algorithm built on Meteor and hosted via scalable AWS infrastructure.

High-Trust Domain: Ownership of [Web Link Censored] is a premium digital asset with brand authority in compliance and regulatory markets.

Global Expansion Ready: Strategically positioned for immediate rollout in the UK and US markets, representing 49% of global used vehicle transactions.

Versatile Applications: Integrates with B2C, fintech, insurance, regulatory, and marketplace platforms.

High-Margin Product: Industry-standard pricing model with low operational overhead, enabling scalable recurring revenue.

Transaction Overview

The shareholders are seeking to divest 100% of the issued share capital of the Company. The sale includes all technology, IP, domain assets, and operating infrastructure. The transaction is offered via an Expressions of Interest (EOI) campaign.

Australia
Broker Ref: 23961

The business is being offered as a fully developed, turnkey platform. A secure data room will be made available to qualified parties upon receipt of the Information Memorandum and execution of a Non-Disclosure Agreement. The data room includes, but is not limited to, technical documentation, legal structure, ownership confirmation, and full access to platform and demonstration materials to support buyer due diligence.

Expressions of Interest Close: COB 8th September 2025
