Customer Base for Sale

Do you have an existing printing business and are you keen to grow through acquisition? If you are, this could be just the opportunity you are looking for. The owners of this business are happy to sell the customer base on its own. This means that you can take on the sales of this business without having to purchase the equipment (other than taking over the lease on the digital press used by the company). The net result is that this could be a very low-cost way of ramping your existing printing business up to the next level.

Taking on these extra sales could also be a great way to maximise your capacity utilisation and profitability.

Based in Sydney, this business has been trading for over forty years. Over this time, it has developed a solid database of long-term repeat customers. In addition, a team of experienced employees is in place.

For the 2024 financial year, this business achieved sales of over \$4.4 million.

This enviable printing business customer list is being offered for sale at \$695,000.

If you wish, you can also make separate offers on any of the company's items of quality printing, finishing and bindery equipment.

Printing business customer lists are hard to come by. Contact us now to find out more and avoid missing out!

The location of this business is not exact, it is indicative only.
