### Industrial Automation and Renewables

This long-established electrical engineering business is being offered for the first time as part of the original founder's exit plans. Located in attractive premises on Brisbane's south-west this successful and profitable operation has built its reputation as a premium integrator and switchboard supplier in the rapidly emerging renewables and automation sectors. Expressions of Interest are invited from Buyers looking for an acquisition opportunity in these fields.

#### Key Features:

- Highly respected and long-established branding
- Long-term highly qualified staff
- Valuable Intellectual Property and technology-based solutions
- Rapidly expanding markets in industrial automation and renewables
- Wide geographical coverage
- Excellent reputation supplying high-profile corporate Clients
- Centrally located in popular light industrial precinct
- Fully licensed and ISO accredited
- Strong commitment to on-going product development
- Established systems and procedures
- Consistently profitable
- History of continuous growth since formation
- Flexible lease options
