

For Sale

Location: **Melbourne**
Asking: **\$98,888**
Type: **Services-Other**

This suits an investor that can work this services business full time, or choose to work it part time.

The world needs electricity, everywhere and at ALL Events. And its source should NOT be noisy.

Many outdoor Event locations do not have a local & reliable power source.

Be it Weddings, Exhibitions, Building sites, Music festivals or any small or big events. (Music gigs in particular need a silent electricity generator)

This suits an investor that can work this services business full time, or choose to work it part time.

It is also an excellent passive income business, with little time investment required of the owners)

This opportunity is a Mobile, Silent Power Generator System. (It is specifically built as a Full Silent System)

The truck is a solid 1994 International N1630, that will come with a Full Road Worthy.

Fully enclosed in a highly specialised unit, is a Scania - 11 Litre Diesel Engine coupled to a 90 KVA Power Alternator.

Use Cases That Make an Impact:

- * Outdoor weddings needing discreet, quiet power for lights, sound systems, and catering.
- * Film shoots in remote or urban areas requiring silent power to run lights and equipment without disrupting sound recording.
- * Emergency power supply for disaster relief or infrastructure repairs where quick, quiet deployment is critical.
- * High-end private parties where noise control is essential for ambiance.
- * Eco-conscious events seeking alternatives to noise pollutive generators.

This mobile unit brings reliable, quiet power to any location with minimal disruption and maximum performance.
