Dual-Division Industrial Supply

This is a rare opportunity to acquire a well-established, profitable business with a 20-year track record across two critical industry sectors: pallet supply & recycling and agricultural and mining irrigation systems.

Operating nationally, the business enjoys a diversified client base, recurring revenue streams, and exclusive international supply partnerships. It is primed for continued growth or integration into an existing operation.

Revenue: Approx. \$1,800,000 | Net Profit: \$430,000 (FY2024)

IRRIGATION DIVISION

- * Key supplier to the mining and civil sectors for dust suppression and washdown systems.
- * Distributor of premium European manufactured irrigators and couplings.
- * National dealer network and direct mining relationships.
- * Low overhead model with lean warehousing and reliable logistics.

PALLETS & RECYCLING DIVISION

- * Distributor of plastic pallets, crates, bins and customised export solutions.
- * Online ecommerce store and automated CRM/email marketing systems.
- * Recycling operation supporting commercial and industrial clients.
- * Diverse customer base across food, pharma, logistics, and education.
- * Proven sales model with cash-on-delivery structure and strong GP margins.

BUSINESS HIGHLIGHTS:

- * FY2024 Revenue: Approx. \$1.8M | Net Profit: \$430K
- * Strong EBITDA performance and consistent gross margins
- * Stock at Value (SAV) approx. \$250,000
- * Strategically located Brisbane premises with access to port and transit links
- * Easy-to-operate model suitable for owner-operator or strategic investor
- * Vendor prepared to support structured handover

IDEAL FOR:

- * Industry players in irrigation, logistics, or materials handling
