Leading Provider with National Footprint

An exceptional opportunity to acquire a purpose-driven NDIS provider delivering specialist Behaviour Support and Psychological Services across multiple states. With deeply embedded clinical governance, a decentralised leadership structure, and a purpose-built CRM at its core, this business offers a robust and scalable foundation for impact-driven growth.

Highlights:

- Structured for scale, with active service delivery across New South Wales, Victoria, Queensland, Western Australia and Tasmania
- More than 40 staff including State Directors, Clinical Leads, and an Operations Manager, ensuring day-to-day delivery runs independent of ownership
- Custom-designed CRM system supports case management, clinical reporting, NDIS compliance, billing, and practitioner performance monitoring
- Fully furnished head office, supporting onboarding, collaboration, and executive functions
- Cloud-based infrastructure and decentralised model enabling remote ownership and oversight from anywhere in Australia
- Trusted brand in the NDIS ecosystem, known for complex behaviour support and strong practitioner retention
- Longstanding referral networks and growing demand from schools, support coordinators, and allied health professionals
- Embedded clinical frameworks and systems designed for quality, transparency, and scalability

This is not a generalist provider, this is a specialist platform built for depth, continuity, and future scale. The incoming owner steps into a fully functioning national operation with structure, people, and systems all in place.

Offered for sale at \$4,950,000 with a 25% ROI, this opportunity suits health investors, strategic acquirers, or professionals seeking a high-impact operation with strong infrastructure and room to grow.
