Exceptional Opportunity. Billing for Anaesthetists

BCI Business Brokers is pleased to offer for sale a highly successful, well-established and profitable medical billing business specialising exclusively in services for anaesthetists. This is a rare and strategic acquisition opportunity for industry players or investors seeking a foothold in the growing medical administrative services sector. Please note that there is no requirement for a medical background to own or operate this business, making it accessible to a wide range of potential buyers.

Operating for more than 15 years, the business has built a strong reputation for delivering efficient, accurate, and fully compliant billing solutions. It features a stable and diverse client base, robust systems, and consistent financial performance. The business is offered for sale at \$650,000, with the vendor committed to a thorough handover to ensure a seamless transition. The vendor is also open to remaining in the business as a casual employee on an ongoing basis.

With significant potential for growth through digital marketing, referral network expansion, and enhanced technology adoption, the business is ideally positioned to scale. The anaesthetist market continues to grow steadily, with a clear need for specialised and reliable billing support.

This is an exceptional opportunity to acquire a respected and future-ready business in a specialised, high-demand niche.
