Asking: **\$660,000**
Type: **Services-Professional**

Established Practice in South Sydney

An excellent opportunity to acquire a long-standing accounting firm with a strong presence in South Sydney. Operating for more than 25 years, the practice has built a loyal client base and a reputation for dependable, high-quality service.

The firm generates over \$600,000 in annual revenue and is currently operating at capacity, regularly turning away new client enquiries - offering immediate growth potential. A notable portion of revenue is derived from SMSF work, currently handled in-house, with potential for outsourcing depending on the acquirer's model.

The vendor is transitioning into retirement and is open to remaining involved for a period to ensure a smooth handover and support client retention.

This is well suited to an experienced operator or firm looking to expand or consolidate within the South Sydney region. The business is currently office-based, with flexibility to retain the existing premises, relocate nearby, or integrate the clients and team into an existing office.

The ideal buyer will have experience in practice acquisition and integration, a strong service ethic, and the capacity to play an active role in the business.
