Mobile Signage & Graphics Business | A Standout Opportunity!

LINK Business Brokers are proud to present this well-established and highly regarded signage and graphics business, offering a unique chance to take the reins of a profitable and growing operation.

With the current owner since 2007, this mobile business specialises in the supply and installation of a wide range of signs and vehicle graphics.

What sets this business apart is its loyal customer base, exceptional on-site fitting service, and a reputation for quality workmanship. Operating from a home office, the business services a broad area in South East, with flexibility and friendly service at its core.

An active online presence and a visually striking image gallery showcase the business's creative capabilities and continue to attract new clients. Despite little paid advertising, strong word-of-mouth referrals have driven consistent year-on-year growth.

Ready for expansion, this opportunity includes potential to scale by adding a second vehicle or hiring design and production staff to meet current demand.
