Security Installations - Rapid Growth, High Profit, Low Overheads

This well-established service business is a rare find - combining two highly in-demand trades under one streamlined operation.

Specialising in security camera systems, wireless alarms, TV antenna installation, Wi-Fi optimisation, data cabling, and Starlink setup, the business services Toowoomba and surrounding areas with an outstanding reputation over 100 Google reviews and a perfect 5-star rating.

In just 12 months since establishment, this business has generated an adjusted net profit of approximately \$156,000 to the part-time working owner. With 95% residential work and all jobs paid on completion (COD), cashflow is consistent and reliable.

Key Business Details:

- * Established August 2024 strong growth from day one
- * Managed by the owner (1 day/week on the tools, a few hours a day in the office the other 4 days)
- * Qualified staff to handle all technical onsite work
- * Home-based operation - requires less than the space of a single lock-up garage
- * Modern, fully fitted work van under warranty plus all tools & equipment included
- * Fixed pricing for most services allows quotes to be given over the phone, reducing unproductive travel
- * Strong online presence with multiple top Google rankings, generating steady inbound leads

Why Customers Love This Business

Backed by over 100 five-star reviews, this business consistently delivers on the qualities customers value most:

- * Trust & Credibility - Punctuality and a personable team build strong client trust.
