Type: **Manufacturing**

Established Aluminium Window & Door Supplier Servicing Sydney, Central Coast & Newcastle

Established Aluminium Window & Door Supplier Servicing Sydney, Central Coast & Newcastle

This long-standing and reputable business specialises in the supply of high-quality aluminium windows and doors to builders across Sydney, the Central Coast, and Newcastle. The company primarily operates on a supply-only model catering to the high-end residential and commercial construction sectors, which represent approximately 90% of total operations. The remaining 10% is focused on glazing services on the Central Coast, including repairs and installations for homeowners and property managers.

Known for its dependability, product quality, and tailored solutions, the business enjoys strong, ongoing relationships with a broad base of builders and contractors.

Operations span three strategically located sites, including a modern manufacturing facility on the Central Coast and two customer-facing showrooms.

Key Highlights:

Over 28 years of continuous, successful trading

Skilled management team in place; current owners work part-time

Large base of loyal, repeat clients in the building industry

Annual revenue of approx. \$7 million

Secure 3+3 year leases available on all premises
