SUMMARY OPPORTUNITY

Rare opportunity for an operating security company to expand its current operation or for an individual/entity able to obtain a security license to enter this thriving and growing industry with a market leading operation and secure an exceptional financial future.

The exceptional operational features and regional location of the business affords competitive protection.

Vendor is retiring after 25 years and will consider realistic offers above 2.5m which includes all business assets and would stay for a period to provide the necessary operational assistance to ensure a seamless transition.
