Civil Construction & Plant Hire Business - Central Queensland

Civil Construction & Plant Hire Business - Central Queensland

An outstanding opportunity exists to acquire a well-established civil construction and plant hire business with a strong reputation and consistent revenue streams. Operating for more than three decades, this privately owned company has become a trusted contractor to local and state government agencies, utility providers, and major civil contractors across the Central Queensland region.

Key Features:

- * Longstanding reputation with over 30 years' industry presence.
- * Preferred supplier to government and Tier 2 contractors.
- * Modern, well-maintained fleet of heavy plant and equipment with a comprehensive asset register included in the sale.
- * Fully equipped workshop facilities supporting in-house servicing and maintenance.
- * Option to acquire the freehold buildings, providing a secure operational base.
- * Comprehensive service offering: civil construction, bulk earthworks, drainage, concreting, environmental works, and residential/commercial building.
- * ISO-certified systems: Quality (ISO 9001), Environmental (ISO 14001), and OH&S (AS/NZS 4801 or ISO 45001).
- * Strong, skilled workforce with stable local employment base.
- * Solid pipeline of confirmed and prospective projects.
- * Contract values ranging from \$50,000 to \$3.5 million.

The business is well-positioned for growth, with opportunities to expand its footprint across Central Queensland's infrastructure and development sector. It is ideally suited to an existing industry participant seeking to scale operations or an investor looking for a profitable, systemised business with deep community roots.

Reason for Sale: "The current owners are transitioning to the next phase of life after more than 13 years of successful stewardship."

Opportunities like this, complete with plant, assets, workshop, rarely become available in the region."
