Contained Australia is selling state license opportunities to further its expansion into the Australian market from its already successful operation in New Zealand. With 5 state license opportunities available, this business model presents a great low risk model for either a seasoned business operator to plug into existing operations or someone starting out fresh.

With a simple sales model, no cash tied up in stock, and national brand support, Contained Australia presents a terrific growth opportunity for the Australian Market.

Some of the features include:

- Exclusive rights to the license in your selected state
- Remote operated business model
- Simple sales agency model
- No capital tied up in stock
- Unique product that can be self built and is relocatable
- Opportunities for multiple revenue streams.
- Full support from the national head office
- Further RnD pipeline is managed by the international head office
