Type: **Services-Other**

Plumbing Business for Sale

This established plumbing business has been trading for sixteen years. It is based in the Lower Blue Mountains and offers a full range of plumbing, drainage, gas fitting and hot water services. These include repairing burst pipes, installing hot water systems, fixing leaking taps, repairing blocked drains, CCTV drain inspections and more.

Not only does the business provide its services to a vast number of repeat homeowner customers, it also does ongoing work for several local real estate agencies. Having traded in the area for many years, the business is well known in the community and receives a strong flow of work enquiries from referrals.

This business comes ready for you to step into and operate. Included are two equipped vehicles with prominent branding, plus a trailer with a water jetter and CCTV camera.

For the 2025 financial year, the business has sales of over \$550,000 per year and a profit to a working owner of over \$200,000 per annum.

If you are a plumber looking to run your own business and control your own destiny, this could be a great purchase for you. It could also be an excellent bolt-on acquisition for another business operating in the industry, instantly pushing your business to the next level.

This quality business is being offered for sale at \$220,000.

Location in the add is indicative only.
