### Market-Leading Queensland Electrical Contracting Business 30+ Years of Proven Success

A long-established Queensland electrical contracting business with over 30 years of operations is now available.

The company delivers complex, large-scale projects across commercial, healthcare, residential and mixed-use sectors, with a proven track record of quality and reliability. Current work includes high-profile developments and early-stage Olympic-related infrastructure, supported by a skilled management team and workforce.

A highly capable management team and a skilled workforce of electricians, project managers and support staff underpin the company's strength. This depth of talent ensures the business consistently delivers to the highest standards, while established systems for safety, compliance and sustainable design reinforce its position as a trusted delivery partner. Long-standing relationships with tier-one and tier-two builders further contribute to recurring large-scale project opportunities across both public and private sector markets.

For qualified buyers seeking an acquisition with scale, reputation, profitability and a strong future pipeline, this business represents a rare opportunity to secure a leading contractor at the forefront of Queensland's growth and infrastructure delivery.

The owner is open to assisting with transition and advisory support, ensuring continuity and stability for the incoming buyer. With a strong forward pipeline and enduring industry relationships, this is a rare opportunity to acquire a market-leading contractor in a growth sector.
