Asking: **\$329,500**
Type: **Health/Beauty**

24/7 Franchise Gym | North Brisbane

If you are looking for an opportunity to enter the fitness industry in 2026 then this needs to be seriously considered.

This well presented and popular 24/7 franchise gym was established 11 years ago and has maintained high standards throughout the years. This club is ticking along in cruise mode returning a nice consistent profit and is positioned well for growth.

The location is ideal, nestled in the heart of a booming North Brisbane township with plenty of parking and exposure.

- 600+ active members.
- Under Management, though would also suit hands on operators.
- Nice open 350sqm floor plan.
- Very well maintained equipment.
- Weekly Direct Debit cash flow from Day 1

The business has been profiting approximately \$10,000 per month (before tax) over the past 6 months.

With new clubs this size costing in excess of \$700,000 to establish from scratch plus all the marketing expenses and time it takes to build the membership base, this really does present an affordable opportunity to enter the fitness industry.

Priced at \$329,500 including franchise transfer fee.
