Beloved Blue Mountains Bakery with Tourist Foot Traffic | MAS239

This long-established Blue Mountains bakery is a local favorite and a popular stop for the steady stream of weekend tourists exploring the region.

Known for its friendly service and classic baked treats, the business enjoys a loyal following from both locals and visitors alike.

Set against a serene mountain backdrop, the bakery offers a rare lifestyle opportunity with a beautiful rear outlook for staff to enjoy and the clean, fresh air that makes working in the mountains such a pleasure.

While already well regarded, there's plenty of room for a hands-on owner to grow the business further through product expansion, enhanced marketing, or extended trading hours.

The current owners are selling due to a family emergency, creating an exceptional chance for a passionate baker or operator to step into a much-loved Blue Mountains institution and make it their own.
