Structural Rural Shed Erection Business | Assets \$800K+ | Profit \$900K+

Structural Rural Shed Erection Business | Assets \$800K+ | Profit \$900K+

A rare opportunity to acquire a well-established and highly profitable structural steel erection business servicing rural and regional areas across QLD and northern NSW.

With a reputation for quality and reliability, this business delivers large span shed erection services for agriculture, equine, industrial, and infrastructure sectors, supported by long-standing relationships with several major shed manufacturers.

The business is fully mobile and self-contained, equipped with an extensive fleet including telehandler, UD truck, trailer, and access equipment (asset value approx. \$800K). It operates with minimal fixed overheads and generates consistently strong earnings, with normalised EBITDA exceeding \$900K per annum.

Key Highlights:

Proven track record in regional and remote site delivery

Fully equipped, self-sufficient plant & gear included

Longstanding client and supplier relationships

Consistent profitability with strong forward pipeline

Low fixed overheads and flexible operating model

Owner available for transition and knowledge transfer

Ideal Buyer:

Industry operator seeking geographic expansion or bolt-on growth

Civil contractor or shed manufacturer looking to internalise erection capability

Skilled builder or project manager ready to step into a profitable operation
