LONG STANDING INNER WEST HAIR SALON | MAS

Established Hair Salon with Strong Client Base

An excellent opportunity to acquire a well-established hair salon in a prime location, directly across from a large shopping center with high foot traffic.

The salon operates across two spacious levels: the ground floor is fitted out for hairdressing, while the upstairs area offers potential to sublet to a beautician or similar, significantly reducing rent.

Currently open only four days a week, the business presents a major opportunity for growth by extending trading hours. The salon is equipped with 7 hair stations and 3 wash basins, designed for efficiency and client comfort.

The business is presently run by the owner (a full-time stylist) with one assistant. The current owner, after 43 successful years in the same location, is ready to retire but is willing to assist with a smooth handover and even continue working two days a week if desired.

With a loyal and long-standing client base predominantly 45+ the salon enjoys an excellent reputation as a boutique, high-quality establishment. It is also an exclusive provider of select products and services, further adding to its appeal.

This business would ideally suit an experienced hairdresser, senior stylist, or beautician looking to step into ownership, capitalizing on a strong foundation and significant potential for growth.
