Iconic Australian Media Assets | EOI

Expressions of Interest Invited - National EntertainmentMedia Publisher

A Rare Opportunity to Acquire Iconic Australian Media Assets

Now available for acquisition: a high-profile national print and digital media group delivering unmatched reach across entertainment, arts, and cultural audiences.

These established flagship titles have national reach across press platforms, complemented by a top-ranking website and social media footprint.

With many decades of brand equity, the business holds long-standing partnerships with major cultural institutions, festivals, and promoters. This is a turnkey opportunity to acquire:

- * Two distinct and trusted media brands
- * Multi-channel revenue streams (print, digital, sponsored content, events)
- * A loyal, high-engagement audience
- * Streamlined operations and national distribution
- * Enormous growth potential post recent brand vindication

The business operates with remote staff and contractors across all major states and can be run flexibly from any location-ideal for a work-from-home or relocatable head office setup, or bolt-on to another business.

This offering suits media groups, investors, digital publishers, or event organisers seeking branded IP with real market traction. No startup risk - acquire legacy and infrastructure with immediate scale.

Expressions of Interest are now open.
