Large Aluminium and Glass product manufacturers.

Cash Cow business with a constant flow of work, and short working week of four and a half days.

Established well over 10 years this business provides exceptional aluminium and glass products and customer service to the commercial and building industry in Geelong and surrounding areas.

Their reputation comes from having only a very select, and professional team with well over 40 years combined experience in the industry.

Each member of the team is focused on getting the best results for every client, and takes great pride and satisfaction in what they do on each and every project.

From commercial aluminium windows and doors, to glass office partitions, glass pool balustrades, glass splash-backs, frameless glass shower screens and glass and glazing.

All their products are sourced from Australian businesses, and fabrication is done locally, ensuring superior quality and craftsmanship.

The team of qualified professionals brings extensive experience and expertise, guaranteeing precision and quality for every project.

The Vendors have spent years refining their business model, and now run a highly profitable business.

They do ZERO advertising and have a constant flow of work, built on referrals and repeat business, by providing a first class product to the market - on time!

Aluminium and glass products rate highly in both durability and sustainability, and with the design and overall versatility means the product meets architectural demands, driving steady market growth.

Sustainable building is all about creating structures that stand the test of time.

Aluminium is highly resistant to corrosion, and clients choose this product over wood, ensuring that their doors and windows will remain in top-notch condition for years, even in harsh weather conditions.

Highly profitable to the Vendors and a great business investment. Trade relationships and established systems ensure the next owner is positioned for success.

A Confidentiality Agreement must be signed, followed by an onsite inspection.

Pictures are for display purpose only and not of the actual business.
