Established Sign Manufacturer

Due to the retirement of its Owners this long established and fully equipped sign manufacturing operation is being offered for the first time.

Located in Brisbane's western suburbs this well set up operation supplies reflective signs to niche Clients in the private and public sectors. Signs are produced for both new project work and replacements.

Key Features:

- * Fully equipped sign making facility
- * Well organised and efficient workshop
- * Regular repeat business from long-standing Clients
- * Wide range of standard designs
- * Custom make to order capability
- * Long term qualified staff
- * Lease options available (currently on periodic tenancy)
- * Genuine reasons for sale
- * Premium product with a reputation for quality

This business would be ideal for an existing operator in the sign-making business to acquire additional turnover or for an individual with a flair for business growth looking for a solid base to build upon. Sign making experience is not essential however a knowledge of manufacturing processes used in metalwork and printing would be an advantage.
