QLD Allied Health Group EBITDA \$2.2M+ | Multi-Clinic | Specialist Mote | Proven Long-Term Profit

An exceptional opportunity to acquire a highly profitable, specialist allied health group in Queensland delivering consistent historical EBITA of ~\$2 million year-on-year, growing to \$2.2M in 2025 and \$2.4M in 2026.

This long-established business has built a reputation for consistent financial performance, strong referral relationships and high patient demand. Operating across multiple clinic locations, the business benefits from an experienced clinical team, embedded systems and a management structure that supports continued growth without reliance on the founders.

With more than a decade of consistent trading history, the business demonstrates strong revenue stability and industry-leading margins. Patient demand is driven by established medical referral networks and a strong brand reputation within the healthcare community. The business operates with a mature leadership structure, including senior clinicians managing each clinic and centralised administrative systems handling operational workflows. This creates a highly scalable model capable of supporting further geographic expansion, service diversification and increased patient volumes.

Business Highlights

- EBITA exceeding \$2.2M annually with consistent YoY performance
- \$5.7M revenue with strong forward growth trajectory (\$6.2M projected 2026)
- Specialist Mote creating a highly defensible model with limited competition
- Multiple clinic locations operating in QLD
- Long-standing, highly regarded healthcare business with more than a decade of proven profitability
- Strong referral ecosystem ensuring consistent patient inflow
- Experienced clinical leadership team managing day-to-day operations
- Highly systemised business with centralised referral and administrative processes
- Hundreds of patient referrals each month supporting consistent clinic utilisation
- Diversified revenue streams including private patients, insurers and government programs
- Clear scalability pathway through additional locations and service expansion
