Rapidly Growing Medical Aesthetics Clinic With Strong Revenue

Business Overview

Specialist healthcare business broker Joseph Lanzer is proud to present an outstanding opportunity to acquire a high-quality and modern medical aesthetics clinic located in Melbourne's Northwestern Suburbs, featuring a premium fit-out and strong ongoing revenue. The clinic has been professionally designed and equipped to a high standard, with all infrastructure presented in pristine and immaculate condition, offering an incoming owner the ability to step in and operate immediately.

Whilst established relatively recently, the clinic has demonstrated strong and consistent growth over the last year, with excellent monthly turnover and a solid and growing client base already in place.

The business operates within the rapidly expanding medical aesthetics sector and benefits from an established online presence, operational systems, and a reputation for quality service.

Key Features

- * The owner has recently invested over \$350,000 in fit-out, equipment and setup
- * Pristine turnkey clinic with no additional capital required
- * Strong and consistent monthly revenue (\$30k+ per month)
- * Premium, modern fit-out and professional presentation
- * Multiple treatment rooms with capacity for further growth
- * Established client base and digital infrastructure
- * Located in Melbourne's Northwestern Suburbs
- * Opportunity to scale through additional practitioners and services
- * Ideal for cosmetic nurses, medical practitioners, or existing operators

Growth Opportunities

The clinic has been established with expansion in mind and offers significant upside potential. A new owner could increase revenue through:

- * Adding additional practitioners
- * Increasing utilisation of treatment rooms

Reason for Sale

The owner is seeking to sell due to a change in personal circumstances, and with reluctance is offering this opportunity to the market.

Why This Opportunity

This is an ideal opportunity for a buyer looking to enter or expand within the medical aesthetics industry without the time, cost, and risk associated with establishing a new clinic.

A comparable setup would require significant capital investment and time before reaching the level of revenue the clinic is already generating.
