Structural Steel Fabrication Business North Brisbane | Strong Earnings | Established Operation

Structural Steel Fabrication Business North Brisbane | Strong Earnings | Established Operation

An opportunity to acquire a well-established steel fabrication and installation business servicing the residential, commercial, and insurance sectors across Southeast Queensland. Operating from a fully equipped facility on Brisbane's north side, the business has built a reputation for dependable delivery, responsiveness, and the ability to service a wide range of project types.

The business is supported by an experienced team and efficient operational structure, allowing for consistent project delivery and the ability to manage multiple jobs concurrently. With strong underlying demand in the region and a solid base of repeat clients, the business provides both immediate cash flow and a platform for further growth.

Key Highlights:

- * Annual turnover of approximately \$2.0M+
- * Adjusted earnings (incl. owner add-backs) circa \$400K+
- * Diversified revenue across residential, commercial, and insurance sectors
- * High level of repeat business and established client relationships
- * Two experienced key staff supporting day-to-day operations
- * Well-equipped workshop and functional premises
- * Established supplier network and reliable workforce
- * Consistent pipeline of work and forward orders
- * Located in a high-growth Southeast Queensland market

The Opportunity

This business is ideally suited to an owner-operator, trade buyer, or investor seeking a profitable, established operation with strong fundamentals and future upside.

The current owners are committed to supporting a smooth transition to ensure continuity across staff, clients, and operations.
