Established Architectural & Building Design Practice Strong Reputation established 48 years ago

Established Architectural & Building Design Practice Strong Reputation established 42 years ago

An outstanding opportunity to acquire a highly regarded architectural and building design business with a long-standing presence and deep roots within the local community.

This well-established practice has built a reputation for quality, reliability, and professionalism over many years, becoming a trusted name with local councils and repeat clients. The business benefits from established relationships, strong referral networks, and consistent workflow opportunities.

This is an ideal acquisition for:

- * An existing architectural or design firm seeking a strategic bolt-on
- * A builder or developer wanting in-house design capability
- * A qualified designer looking to step into an established, respected operation

Key Features:

- * Well-established business with strong local reputation
- * Trusted relationships with local councils and industry contacts
- * Consistent referral pipeline and repeat clientele
- * Excellent brand presence in the area
- * Low overhead, scalable structure

The current owner is committed to providing a generous handover period, ensuring a smooth transition of clients, projects, and key relationships.

Additional Opportunity:

The freehold property is also available, presenting a rare chance to secure both the business and premises for a complete turnkey investment.

This is a genuine opportunity to acquire a respected design practice with immediate upside and long-term growth potential.

Price: \$90,000
