Asking: **\$1,300,000 + sav + wip**
Type: **Manufacturing**

Machining and Gear cutting Services

This is a rare opportunity to acquire a highly regarded precision manufacturing business, together with its purpose-built freehold facility,

operating at the forefront of gear manufacturing and complex machining for over 26 years.

Renowned for its accuracy, reliability, and engineering capability, the business has established long-term relationships across critical industrial sectors including

Alumina, Oil & Gas, Rail, Marine, Coal, Agriculture, Power, and Port operations.

Acquisition Overview

Business Price: \$1,300,000 Adjusted PEBITDA: \$304,589 Approx

Freehold Facility: \$2,300,000 is available Rent on the property is \$165,000 showing a 7% return approx

The Owner is open to remaining during a structured transition period, ensuring continuity of knowledge and client relationships.

Financial Strength

2025 Revenue: \$2,646,000

Forward Work: ~\$750,000 confirmed in pipeline

Plant & Equipment: > \$900,000 (well below replacement cost)

This is a business with consistent demand, strong margins, and ongoing contracted work, providing immediate cash flow and operational certainty.

Manufacturing Capability

The operation is supported by a comprehensive, well-maintained plant, capable of highly complex and precise machining, including:

CNC Machine Centres (4 Axis)

CNC Lathes & Borers

Centre Lathes & Milling Machines

Radial Arm Drills & Drill Presses

100 Tonne Press

Core capabilities include:

CNC Milling & Machining

Gear Cutting, Gears & Splines

Gearbox Inspections & Overhauls

Fabrication & Custom Engineering Solutions

Operational Excellence

26-year established reputation for precision and reliability

Highly skilled and qualified workforce in place

Advanced in-house systems providing full operational visibility

Established safety and compliance frameworks

Proven processes supporting consistent, high-quality output

Strategic Rationale

This opportunity will strongly appeal to:

Established manufacturers seeking geographic expansion or increased capacity

Engineering and industrial groups looking to vertically integrate machining capabilities

Industry operators seeking immediate scale with an experienced team and forward workload

Investors or management groups pursuing a profitable, asset-backed manufacturing platform

With significant tangible assets, freehold ownership, and a strong earnings profile,

this acquisition offers both security and scalability within essential industrial supply chains.
