Award Winning Mechanical Workshop | 18 Years Established | Moreton Bay Region

On the market for the first time in 18 years - a profitable, well-established mechanical workshop in North Brisbane with a reputation that does the heavy lifting.

Built by a husband-and-wife team, this is a genuine family business backed by strong Google ratings, hundreds of positive reviews across all platforms, and 2025 recognition as one of the region's top mechanical workshops.

Why this one stands out:

- * 18 years trading with a deep, loyal local customer base
- * Award-winning - third-party recognition a new owner can lean on from day one
- * Full-service for all makes and models - not boxed into one brand or niche
- * Strong digital footprint with professional website and active socials
- * Modern payment options including Afterpay and Zip
- * Monday to Friday only - closed weekends. A genuine lifestyle business.

The setup: Purpose-fitted workshop with professional diagnostics, hoists and service tools. Main-road position with strong visibility in an active commercial precinct. Customer waiting lounge, drop-off service, online quoting and booking system already in place.

Hands-on owners, but the systems, reputation and recurring customer base will support a working-owner buyer or an industry operator looking to plug in.
