Location: **Brisbane**  
Asking: **\$1,750,000**  
Type: **Services-Other**

### High-Growth NDIS Provider | FY26 Projected SDE ~\$470K | Community Hub | Fully Registered

An outstanding opportunity to acquire a fully registered NDIS provider with strong revenue growth, diversified service offerings, and a unique community-focused point of difference.

Based in North Brisbane, the business provides a broad range of NDIS-funded supports and has built a strong reputation for participant-centred service delivery. A key point of difference is its established Community Hub, which enhances participant engagement, supports referrals, and provides a scalable platform for future growth.

The business generated approximately \$1.01M in revenue and \$409K in adjusted SDE for FY26 YTD (11 months), including approximately \$180K in SDE over the last 3 months alone. Operating under a semi-managed structure, the owner contributes less than 20 hours per week, with day-to-day service delivery and operations managed by an experienced team and established systems.

#### Key Features:

- \* Fully registered NDIS provider with broad registration scope
- \* FY26 YTD (11 months) Revenue ~\$1.01M | Adjusted SDE ~\$409K
- \* Approximately \$180K SDE generated over the last 3 months
- \* 47 active participants generating recurring revenue
- \* Established Community Hub providing a unique market position and participant engagement platform
- \* Strong referral relationships across support coordinators, allied health providers, community organisations, and participant networks
- \* Semi-managed structure with experienced team and systems in place
- \* Day-to-day operations largely run without owner involvement
- \* Diverse service offering across multiple NDIS support categories
- \* Scalable operating model with strong foundations for future growth
- \* Current Lease secured through to December 2028

Growth Opportunities:

- \* Increase participant numbers and utilisation of existing supports
- \* Expand community programs, workshops, and Hub-based initiatives
- \* Further strengthen referral partnerships and marketing activities
- \* Leverage broad registration scope across additional support categories
- \* Scale workforce capacity in line with participant demand while maintaining operational efficiencies

This is a turnkey acquisition offering strong recurring revenue, established systems, experienced staff, and a differentiated market position within one of Australia's largest and fastest-growing sectors.
