Type: **Services-Professional**

Established Sydney Surveying & Planning Consultancy

A rare opportunity to acquire a highly regarded, multi-disciplinary surveying and planning consultancy with decades of continuous operation and a reputation for technical excellence across New South Wales.

This established professional services business delivers a diversified suite of services including land surveying, town planning, project management, 3D laser scanning, BIM and GIS solutions. The business services a broad mix of government, education, infrastructure, property development and institutional clients, providing a well-diversified and resilient revenue base. With a highly experienced team, ISO-certified systems and a long-standing client network built over many years, the business is ideally positioned for continued growth within Australia's expanding infrastructure and housing sectors.

Key Investment Highlights

- One stop shop service offering across surveying, planning, laser scanning and BIM services
- Consistent professional fees of approximately \$3.5 million
- Extensive recurring client relationships across government, education and private sectors
- Low client concentration with revenue spread across more than 200 active clients
- Experienced and credentialled management and technical team
- ISO 9001:2015 certified quality management system
- Significant investment in specialised surveying and scanning equipment
- Strong exposure to long-term infrastructure, property development and housing growth trends

This opportunity would suit surveying, engineering, planning or geospatial consultancies seeking strategic or geographic expansion
