Under Management Allied Health Group | \$3.31M Revenue | Adjusted EBITDA \$1.09M

This technology-enabled, multidisciplinary group operates under experienced management with minimal owner involvement and offers multiple avenues for continued growth.

Operating across multiple South East Queensland locations with a national telehealth capability, the business supports more than 440 active clients, maintains a waitlist of approximately 300 clients, and employs an experienced team of 30+ staff.

A key point of difference is the group's significant investment in proprietary technology and artificial intelligence, including AI-assisted documentation, workflow automation and operational systems designed to improve clinician productivity, reduce administrative workload and support scalable growth.

Business Highlights:

- * FY2026 Annualised Revenue: \$3.31 million
- * Adjusted EBITDA: Approximately \$1.09 million
- * Asking Price: \$3.5 million
- * Under management with minimal owner involvement
- * Over 440 active clients with approximately 300 clients on the waitlist
- * Experienced team of over 30 staff across clinical, management and administration
- * Diversified referral network generating strong organic enquiry volumes
- * Multiple clinic locations across South East Queensland plus national telehealth services
- * Significant investment in proprietary AI, automation and operational systems
- * Clear opportunities to expand clinician numbers, service offerings and geographic reach

This opportunity will appeal to strategic healthcare operators, allied health providers, private investors or growth-focused businesses seeking an established platform with recurring demand, experienced management and significant future upside.
