Established Inner West Hair Salon Almost 8 Years MAS268

A rare opportunity to acquire a well-presented, fully operational hair salon in Sydney's Inner West, positioned in a boutique shopping strip well known to locals.

The salon occupies a fantastic corner position with strong street signage, a quality fitout and glass frontage, right next to public transport. With an established and loyal client base built over almost eight years, the business has strong foundations in place for an incoming operator.

Two experienced senior hairdressers are employed, providing continuity and a smooth transition for any new owner.

A hands-on operator will step into a business with consistent weekly turnover, a full client database, and active social media accounts with a strong following.

The salon trades 5.5 days per week, with the capacity to grow.

A new lease is available, providing incoming buyers with the security and stability needed to grow the business further. This is a genuine walk-in, walk-out opportunity with everything in place and nothing further to spend.
