Feedmania: Feed and Rural Supplies Business Caboolture QLD

Trading for approximately 29 years and operated by the current owners since 2009, the business is known locally as "Your one-stop feed shop" and supplies a wide range of products for horses, cattle, goats, sheep, poultry, birds, dogs, cats and other animals.

The business also stocks herbicides, pesticides, fertilisers, veterinary line products, bedding and general rural supplies.

Located within approximately five minutes of both the Queensland State Equestrian Centre and Caboolture Showgrounds, the business is well positioned to benefit from regular equestrian events, Sunday markets and local rural lifestyle demand.

The nearest competitor is understood to be more than four kilometres away, giving the business a strong local position.

This business would suit an owner-operator, family business buyer or purchaser with an interest in feed, rural supplies, livestock, horses, pets or the broader animal care market.
