Profitable Tutoring Centres | Fully Staffed and Remotely Managed

An outstanding opportunity to acquire an established, profitable and growing tutoring business with a strong reputation, loyal student base, and highly systemised operating model.

Operating from multiple established locations in Cairns, the business provides quality educational support to students from Prep through to Year 12. Supported by an experienced team of tutors and highly systemised operations, the business is currently managed remotely by the owner in approximately 5 hours per week while this financial year generated income over \$200,000.

The foundations are firmly established, with recurring revenue, strong student retention, streamlined systems, and capacity for substantial expansion within the existing centres.

Business Highlights

Profitable & Growing - Consistent year-on-year revenue growth with strong demand for services. **Recurring Revenue Model** - High student retention and repeat enrolments provide reliable ongoing income. **Systemised Operations** - Established processes and systems ensure efficient day-to-day management. **Experienced Team in Place** - Supported by a team of 10 tutors, enabling minimal owner involvement. **Multi-Site Presence** - Operating from multiple purpose-designed tutoring centres in convenient Cairns locations. **Scalable Opportunity** - Significant capacity within existing centres, with clear opportunities to increase student numbers and expand services. **Untapped Marketing Potential** - Growth to date has been achieved with limited structured marketing, presenting opportunities through digital advertising, SEO, school partnerships, and community engagement.

As demand for quality educational support continues to grow, this business presents an attractive opportunity for an educator, owner-operator, or investor seeking an established platform with strong foundations and multiple avenues for future growth.

Current owners have acquired another tutoring business and have relocated to Brisbane.

Opportunities combining recurring revenue, minimal owner involvement, an established team, and genuine scalability are rarely available in the education sector at this price.
