Type: **Franchise New / Health/Beauty**

In-Home Aged Care Franchise Opportunity

Build a rewarding business within one of Australia's fastest-growing healthcare sectors.

An established international in-home care provider is offering exclusive franchise opportunities across Australia, providing entrepreneurs, healthcare professionals, corporate executives and investors with the opportunity to establish a business backed by a proven franchise model.

Supported by an internationally recognised brand with approximately 800 locations worldwide and 60+ Australian franchise locations, franchise owners benefit from proven systems, comprehensive training, ongoing operational support and access to government-funded aged care services from commencement.

Driven by Australia's ageing population, increasing demand for in-home care and continued government investment in community-based services, this opportunity provides the foundation to build a scalable business with recurring revenue while making a meaningful difference within your local community.

Highlights:

- * Exclusive protected franchise territories available across Australia
- * International network with approximately 800 locations worldwide
- * Established Australian network of 60+ franchise locations
- * Access to government-funded aged care services from commencement
- * Dedicated Head Office support across operations, compliance and business development
- * Proven business model with comprehensive training and ongoing mentoring
- * Proprietary technology, operational systems and established compliance framework
- * Average franchise office break-even of approximately 10 months
- * Average FY2025 franchise owner discretionary profit of approximately \$371,000
- * Suitable for business owners, healthcare professionals, corporate executives and first-time franchise investors
- * Opportunity to build a scalable, recurring revenue business in one of Australia's fastest-growing healthcare sectors
