Refrigerated Transport Business Brisbane Metro | 30+ Years Established, Fully Under Management

Turnkey cold chain operator with decades-long customers, normalised earnings of approx. \$260,000 and no premises required.

This long-established refrigerated transport business has been servicing quality Brisbane customers for more than thirty years, providing chiller and freezer freight through regular daily and weekly runs plus premium-priced urgent work its larger competitors simply can't match. Run entirely by its experienced General Manager, the business requires minimal owner involvement the current owners are largely hands-off and with no depot or lease to carry, it is one of the cleanest transport acquisitions you will find.

Key features:

- Trading over 30 years with customer relationships measured in decades
- Revenue approx. \$1.5 million; normalised earnings approx. \$260,000
- Fully under management experienced GM handles all day-to-day operations
- Stable, long-serving team (one driver ~25 years' service), all expected to transfer
- Anchor customer on daily scheduled work, supplemented by high-margin urgent ad hoc freight
- National reach through a trusted subcontractor network no interstate capital required
- Approx. \$400,000 of fleet and plant included: refrigerated semi combination, two refrigerated rigids, hot shot vehicle and spare capacity
- No premises required no lease, no make-good, just secure truck parking; admin runs from home
- Untouched growth levers: no marketing or digital presence has ever been needed work arrives by referral
- Equally suited to an owner-operator wanting a self-managing business or a transport group seeking a profitable bolt-on

The owners are downsizing their wider business interests, presenting a genuine and rare opportunity to acquire a resilient, essential-service business in one of Australia's fastest-growing regions.
